FROCS News #33

our **Ingo "Cheyenne Wolf" Standke** and **Ernst "Alaska Wolf" Stollenwerg**, work hard to hopefully present all variations and sub-variations of the five recognized percussion models of our favorite Centaure revolvers of Colt 1860 Army pattern from Belgium as well as their historical conversions.

In addition, they will strive to show us a few guns also which are one-of-a-kind specimens or from very small-scale productions in the replica aka Neo-Classiker department. Most of these artworks from gunsmiths have not been publicly exhibited before. Below are a few of the goodies the two Wolves have in store for you:

Clint "Blondie" Eastwood's **Colt 1851 Navy Long Cylinder Conversion** of the cultic spaghetti western **The Good, the Bad and the Ugly** (1966),

Colt 1847 Walker Long Cylinder Conversion from the horse opera **True Grit** starring Johns Wayne with Kim Darby (1969), which was also carried by Robert "Gus McCrea" Duvall in **Lonesome Dove** (1989),

Colt 1855 Root Musketoon cal. .56, maker's mark **WAFFEN HEFNER DÜSSELDORF**.

Every red-blooded Cowgirl's and Cowboy's dream gun is a # **Gatling** with mount, crank and all the bells and whistles, finally # **1861 Savage & North Navy**, only this replica is known to exist. You do not wish to miss this attraction, am I right?

The Year's FROCS Cap

Can be had in almost every color: black, white, red, green, brown, blue, you name it. This also applies to the print in front of the cap. You can get yours from our sponsor

Copyshop Hofheim, Hauptstraße 7, D-65719 Hofheim
Phone +49-6192-2005603

E-Mail g.fonte@copyshophofheim.de

Talk to **Giuseppe Fonte** there if you wish to get one. The price for FROCS is € 17,50. I suggest you order early and collect it before you come to the Clubhouse of Schützenverein Hofheim.

Once Fonte reached his minimal offtake of caps you will get a cash-back of € 1,00 upon collection.

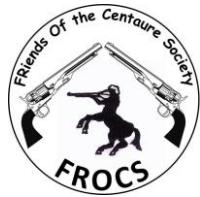

The Quiz or the Challenge

This is not a subject for the collectors of replicas only. It is planned as a team project spiced with a little bit of brain acrobatics for late afternoon and evening of **Saturday, July 29, 2023**. Everybody is invited to participate like Centaure aficionados, our valued previous patroness and patrons, FROCS, members of the hosting club

Das Quiz oder die Herausforderung

Das ist nicht nur etwas für die Neo-Classiker-Sammler. Geplant als Teamprojekt, gewürzt mit etwas Hirnacrobatik, für den späten Nachmittag und Abend vom **Samstag, 29. Juli 2023**. Jeder kann gern mitzumachen. Centaure-Fans, unsere geschätzte ehemalige Schirmfrau und die Schirmherren, FROCS, Förderer, Mitglieder des gast-
